

**Since 1999, the #1 Motorcycling Resource for Women
and Those Who Ride With Us**

June 29, 2023

Hey there, fellow riders! Thank you for subscribing to the [WomenRidersNow.com](https://www.womenridersnow.com) (WRN) newsletter. This newsletter is our way of letting you know what is new and newsworthy for women who ride and those who ride with us.

It's a great time to hit the road and enjoy some thrilling rides while the sun is beaming down and the warmth of summer is embracing us. There are plenty of incredible women-centric motorcycle events happening throughout the country. And guess what? WRN is your go-to source to stay in the loop about [women's motorcycling events](#) all year round.

When you're out cruising on those scorching summer days, it's crucial to prioritize your safety and stay cool and hydrated. WRN has valuable [tips on riding in hot weather](#) that we highly recommend you check out. Donning the [right riding gear](#) can make a world of difference in keeping you cool while riding in the heat.

Let me share a personal experience with you. I've been that rider sweltering in a leather jacket, enduring endless miles of traffic and yearning for relief. Trust me when I suggest that opting for a summer jacket instead of a leather one can completely transform your riding experience. It's a game-changer, and I guarantee it's worth investing in. If you're unsure where to start when exploring jacket options, WRN has you covered with a fantastic [list of jackets](#) recommended by fellow female riders.

So, gear up, embrace the summer vibes, and enjoy the ride, my friends.
