

**Since 1999, the #1 Motorcycling Resource for Women
and Those Who Ride With Us**

September 14, 2022

Hello friends. This newsletter is our way of sharing recent articles and news on [WomenRidersNow.com](https://www.womenridersnow.com) (WRN).

One of the best parts about being involved with WomenRidersNow.com is doing product and motorcycle reviews. Over the years I've had the opportunity to try out lots of bikes at press introductions, dealership and [event](#) demos, and [renting](#) motorcycles. Often I am surprised by how much I like a bike that is outside my usual preference for sportbikes. Product testing is how I ended up owning an [Indian FTR](#) (which, at first, I thought was in the cruiser segment) and my beloved BMW S 1000 R with its upright 4-cylinder engine. And I never imagined enjoying a Chinese-made motorcycle until I tested the complete line of the [new-to-America CFMOTO motorcycles](#).

Recently, a friend and I were reflecting on our perceptions of motorcycles vs. how we feel once we ride them. In her first year of riding she changed bike makes and models five times (!), each time thinking she found the perfect bike. Isn't it interesting how tastes and experiences change as you learn more, age, travel, get recommendations from trusted friends, and try different things?

I've enjoyed learning from WRN since its inception, and now seeing new and experienced riders come to us for knowledge and inspiration. If you're looking for a new motorcycle, whether it's your first bike or simply your latest, check out our [reviews](#) to navigate what's on the market. And if you have an experience to share about your perfect bike, I invite you [to submit your story to WRN](#) about ways you've adapted your ride or learned about new motorcycles you love.

Ride safely and enjoy your new experiences,
Sarah Schilke | Co-chairwoman, [WomenRidersNow.com](https://www.WomenRidersNow.com)
