

Since 1999, the #1 Motorcycling Resource for Women and Those Who Ride With Us

September 24, 2024

Hello new and regular subscribers. This newsletter is our way of sharing articles and news recently posted on [WomenRidersNow.com](https://www.womenridersnow.com) (WRN). Please forward this to your friends and [encourage them to subscribe](#) so they can stay in the know too!

What is the perfect number of motorcycles to own? Well I like to say the answer to that is $n+1$, because just like [riding jackets](#), or the elusive perfect little black dress, don't we always feel one more would complete the collection and offer us that edge on riding we are eternally seeking?

Well, I'm excited to have found a new +1 I like to call my "unicorn," the versatile [Honda Transalp](#) adventure motorcycle that I ogled for over a year. And at a Triumph rally recently, I got up close and personal with the company's new motocrosser, not on my list but hard to resist! Which bike is on your current wish list?

I am starting to get ready for the [onset of winter](#) and getting out on two wheels as much as possible. I'm planning to wind up my season with a (hopefully sunny) ride in Portugal and Spain on [WRN's Ladies First Tour](#). If you aren't joining us on this epic adventure, please share your end of season adventures with us, we love hearing from you!

Thank you so much for reading and following [WomenRidersNow.com](https://www.womenridersnow.com). We appreciate your stories and feedback and look forward to seeing you out at events.
